

WORKING, WITH LOVE, FAITH, JOY AND HOPE

Now, then, these three virtues remain: faith, hope and love, but the greatest of them is LOVE. 1 Corinthians 13:13

Brothers and sisters of the FEDICE family, we begin by thanking God for the joy, the blessing of continuing to work with our partners, with the families in the communities.

Thank God for **THE LOVE** shown throughout the work days in the communities, with the missionary groups in the activities in the United States, in the people who continue to support the work of FEDICE through their financial contributions, being a part active and important of this **MINGA** with FEDICE. Thank God for the blessing of work in 22 communities, with 550 families, 300 children in 7 child development centers. *Work willingly in everything you do, as if it were for the Lord and not for people. Colossians 3:23*

NEW GROUPS, NEW LEADERS

We welcomed a new group of women, the YANACOCCHA group, we see the emergence of new community leaders who, with **LOVE**, with work, seek to improve the conditions of women and of course their families. Celia Tucumbe Pallo is the daughter of Juanita Pallo, president of the Nueva Vida women's group. With the experience and under the advice of her mother Celia, decided to organize a group and seek support from FEDICE.

"FEDICE colleagues, we want to thank you for the support received for the group of 35 women from Yanacocha. We are working and with the resources received we buy livestock. Thanks to the engineer (Marco Garzón) who trains us, because it is very important for us women to learn everything about proper livestock management. We received training, we gave vitamins, dewormers. Of course we thank our brothers and sisters in the United States, who are supporting us women to get ahead, to have a better future for our children and our families. Thank you on behalf of all the women of the YANACOCCHA group"

Celia Tucumbe, president of Yanacocha women's group

Margarita Fonte, training women from Pusir.

We concluded the first cycle of training for our colleagues from the women's group in Pusir. Thank you for the **LOVE**, the dedication, the time given by Margarita Fonte, from the Pijal community, who is training women in making arts and crafts.

The objective of this training is to provide our Pusir women with skills and resources to improve their income. *Place into practice what you have learned, received and heard and what you have seen in me, and the God of peace will be with you. Philippians 4:9*

ASOSERGONS, Gonzalez Suarez Food and Cleaning Services Association, was created on August 5, 2013 due to the difficult situation faced by a group of women who were unemployed. This year we celebrate the tenth anniversary of ASOSERGONS by thanking God for the work and blessings received. During 2023, normal activities have resumed and they are now providing care to 216 children from child development centers and 70 older adults. Sarita

Farinango, administrator of ASOSERGONZ *"FEDICE has been a fundamental pillar for our organization, providing us with seed capital and thus allowing us to invest in the acquisition of food, raw materials, utensils and other implements to provide a better service."* *Place everything you do in the hands of the Lord, and your plans will succeed. Proverbs 16:3*

MARÍA ENCARNACIÓN INLAGO, one of the members of the women's group "WIÑAY MASHIKUNA" (women growing up). The group was started in response to the difficulties they faced due to the COVID 19 pandemic, they were organized with the vision of carrying out small businesses to seek to improve economic income. Encarnación tells us: *"The first project was raising a bull. With the second project I bought an oven, since another of the activities I do is making bread, which I sell in the community and nearby places. Before I worked with a small oven where I prepared 35 loaves, now with the help of FEDICE I was able to buy a larger oven where I can prepare 100 loaves. This will help me continue with my business, increase my production and generate more income for my family. "I am very happy with this oven, I will continue forward and ask you to continue supporting the ventures of indigenous women."*

Juanita Pallo, president of Nueva Vida women's group and Pastor Angel Luis Rivera.

From the FEDICE family in Ecuador and the United States, we want to thank God for life, for the work for **THE LOVE** shown by our brother, partner on the path, Pastor Angel Luis Rivera, from Global Ministries. Thank you for all your support for the projects, God bless you, YUPAYCHANI on behalf of the women and children of the FEDICE families. Thank you for showing us that near or far we are brothers and sisters in Christ, instruments of God to reach our brothers and sisters from the communities. God bless your path, your new stage dear brother. You will continue to be a very important part of the FEDICE family.

Our Lord and God, we praise you, we glorify you, we place everything in your hands, our lives, our projects, the FEDICE family. We will continue forward with LOVE, FAITH, JOY and HOPE, working in the search to realize the kingdom of God, placing into practice that *"So also faith, if it does not have works, is dead in itself."* James 2:17.
